Professional Experience

The Rag Company

2025 – Present

Walmart Marketplace Manager

- Led cross-functional implementation of a Product Information Management system supporting thousands of SKUs across departments and digital channels.
- Managed up to four concurrent cross-functional projects from requirements through launch, coordinating stakeholders, dependencies, risks and timelines.
- Built a Looker dashboard consolidating revenue, margin and operational KPIs for leadership decision-making.
- Coordinated catalog, pricing, advertising and fulfillment workstreams to launch and scale Walmart Marketplace to a \$1M+ annual run rate in under six months.
- Lead and mentor a team of four, setting priorities, reviewing deliverables and aligning execution with department objectives.

The Rag Company

2024 – 2025

Ecommerce Specialist

- Delivered 28+ digital projects involving reporting systems, catalog migrations, accessibility and process improvement.
- Built a centralized promotion-planning system coordinating campaigns across Amazon, Walmart and Shopify.
- Led resolution of product-data and compliance issues affecting six- and seven-figure revenue streams.
- Coordinated product-data, catalog and operational projects across Amazon US, Amazon Canada and Shopify in support of a \$37M omnichannel portfolio.
- Identified website accessibility gaps and led cross-functional remediation from assessment through implementation, improving usability for customers with disabilities.

Erbellum (formerly Broomstick Co.)

2022 – 2024

Founder & Ecommerce Manager

- Founded and operated a direct-to-consumer business generating \$200K in revenue.
- Led product launches across sourcing, ecommerce, inventory, marketing and fulfillment.
- Managed the sale and operational transition of the business, including digital assets, documentation and processes.

Thrive Web Designs - Web Developer

2022

- Coordinated website projects from requirements gathering through development, testing and launch.
- Managed concurrent client priorities, revisions and deadlines while resolving technical and communication issues.
- Built and maintained responsive websites while translating client requirements into functional, user-friendly digital experiences.

Target - Guest Service Specialist
